

CDC Scud

- **Hook:** #8 to #16 curved scud hook (we'll be tying on a #10).
- **Ribbing:** Thin copper or gold wire (we'll be using copper).
- **Back:** Scudback or other plastic strip (1/8" wide). Color to match (or contrast with) the CDC.
- **Legs:** CDC feather fibers (color of your choice) inserted in a dubbing loop, and wound up the hook.

Special tools needed:

- Dubbing twister
- Marc Petitjean Magic Tool for getting the CDC fibers in the dubbing loop
